Dear Sir,

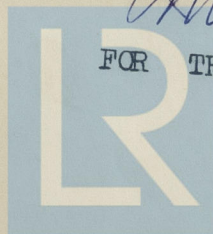

"BURSA"  
Singapore Report No.14020

In reply to your classing letter dated 8th instant, informing us that no Appendix items are recorded, we would refer you to Singapore Report No.13375 of July, 1959, in which it was recommended that hogging in the bottom plating be kept under observation at each dry docking.

Yours faithfully,

*MacLeod*  
FOR THE SURVEYORS.
