

"BRITISH HARMONY"

Rpt. Nwc. 99856

It is submitted before this case receives the consideration of the Committee the Surveyors be requested to state if they are correct in reporting the thickness of the centre strake of the upper deck plating as .60.

It is concluded that the particulars of the double bottom in way of the machinery space, for record purposes, are the same as reported in the case of the similar vessel "BRITISH INFLUENCE", Nwc. Rpt. 97437, but this should be confirmed.
