E/EC

Dear Sirs,

8 With reference to your letter of the 26th ultimo requesting that the principle of progressive survey of tanks should be applied in the case of the steamer "ASPHALION", I hope to be in the position to reply next week.

The delay in coming to a decision in this case has arisen, not so much in any difficulty of dealing with this particular ship, but rather on the point of principle and Rule application seeing that other Owners of cargo liners have made somewhat similar applications to the Committee.

Yours faithfully,
