Dear Sirs,

S.S. "ASPHALION"

With reference to your letter addressed to the Society's Liaison Office at Glasgow on the 9th instant, I beg to acquaint you that the reports of survey recently held at Singapore have been submitted to the Committee here today, and as a result the vessel has been assigned a class of B.S. with the following notations, viz:

S.S. Nwo.-7,46.
Docking date 5,49.
Annual Survey 5,49.

MBS 7,46.
BlrS 11,48.
S (CL) 5,49.

You will doubtless appreciate that in view of the Special Survey notation assigned having been dated back to the reconditioning which took place in the Tyne in 1946, the next Special Survey will become due in July 1950.

Yours faithfully,
