# Lloyd's Register of Shipping.

Port

Albany. W.A.

27th March 1951

This is to Certify that I have  
Steel Screw Steam Trawler " Ben Dearg" of Fleetwood,  
Surveyed the  
Gross Registered Tons, consequent upon the vessel having been  
flooded to extinguish a bunker fire and subsequently pumped out.

and that I have transmitted to the Committee of Lloyd's Register  
of Shipping, London, a Report, stating that all repairs recommended  
by me have been completed to my satisfaction, and that I have  
Recommended that she be continued as Classed

+ 100 A1 Steam Trawler 6.49, subject to a further examination  
of the Hull underwater section when the vessel next Dry Docks.

Now done at Albany. Vessel cleaned down internally. All Bunkers  
being fit to carry removed and bunker spaces thoroughly cleaned and examined and  
found that no Structural damage of any kind existed either on  
Hull plating - frames & beams - knees - or bulkheads.

*Wm P. Ferguson*

ACTING FOR WM. G. DAVIES.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
