Dear Sirs,

ssn. (H)

M.S. "ATALANTA"

With reference to the Publications Department's memorandum dated the 14th and your reply of the 18th January, I think it well to point out that the Special Survey and Donkey Boiler Survey became due in October, 1959, also that according to the records in this Office the Steam Pipes Survey is considerably overdue.

The Copenhagen Surveyors carried out a Condition Survey on the 21st October last for the ship to be towed to Hamburg for breaking up.

As it will be necessary to submit the case for the consideration of the Committee at an early date, I shall be glad to learn whether you now have any information regarding the further employment of this ship.

Yours faithfully,

c.c. PUBS.

Clerk to the  
Classification Committee.

The Surveyors,  
HAMBURG.
