

"ATALANTA"

Before this case receives consideration IT IS SUBMITTED
the Bremen Surveyor be asked as follows:-

- 1) To expedite sending their Rpt.13 to Mr. Gateley for signature.
- 2) To confirm whether the thrust shaft size is 375 mm. diameter as reported, or 420 mm. as approved.
- 3) To forward test certificates covering all new electric generators and motors on essential services.
