### General Observations, Opinion as to Class, Recommendation, Etc.:

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example: "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of Annual Survey 4.54" or "to remain as classed and to have record of docking, I,54 and the notation Lake S.S. 4,54.

This ship is eligible to remain as classed with record of ANNUAL SURVEY 4.58
