(d) Hull Subject:- See endorsement 16.4.59.

On the 1st May action was deferred for a short time regarding the Special and Screwshaft Surveys, it being concluded that the Main Boiler Survey was being held. On the 12th May a proposal to carry out the Main Boiler Survey on the vessel's return from the present voyage about the middle of that month was approved.

The Grimsby Surveyors now state that the vessel is now laid up at that port.

See 15.6.59.
