Report Number 24,194.

LLOYD'S REGISTER OF SHIPPING

Port

LEITH.

11th July, 1961.

This is to Certify that

N.M. KISSELL.

the undersigned Surveyor to this Society did at the request of Matthew Taylor, Shipbroker, Methil, examine the hull only of the Tanker "BRITISH EMPRESS" 8,745 tons gross of London as she lay afloat at the Port of Methil, on the 4th July, 1961, and in my opinion this ship is in a fit condition for movement in the Firth of Forth from Methil as a dead ship for breaking up; with her Class temporary suspended.

The above examination excludes towing arrangements for which the Society does not accept responsibility.
