

m.s. "GARDIGAN"

IT IS SUBMITTED the Surveyors be thanked for their letter of 26th inst., and be informed in reply that their interpretation of the requirements referred to are in general correct. For their guidance, however, Tables 1 & 2 in the Report 8 should be completed as applicable at all Dockings, Special Surveys and General Examinations. Other Surveys - e.g. Damages, etc. should be fully reported on Page 1 of the Report 8 and it is an advantage if Tables 1 & 2 are also completed as applicable, care to be exercised to indicate in Table 1 what parts are for Docking and/or Special Survey.
