

BARCLAY CURLE & CO. LTD.  
Yard No. 711  
-----

IT IS SUBMITTED Messrs J. & E. Hall Ltd. be informed that Messrs Keith Blackman's confirmation that the armature and field windings of the refrigerating fan motors shown on their drawings Nos. R.T.3075 and 6 are insulated from the cores and frames respectively with micanite has been noted, and the drawings in question accordingly merit approval subject to the remaining provisions stated in the Secretary's letter of the 19th April last.

30th June, 1948.

Advise Glasgow and London Surveyors.
