

EXTRACT FROM A LETTER RECEIVED FROM GLASGOW DATED THE 25th June, 1948

"DARA".

The vessel is sailing on Wednesday, the 30th instant, and we shall require the R.M.C. Certificate.

I received the H. Dept. official letter of the 23rd instant saying that the First Entry Report on the machinery manufactured by Messrs. J. & E. Hall (Nos.13064/5) would be forwarded to us by the London Outdoor Surveyors on completion, but this has not come to hand. I, therefore, asked Reggie to get on to the Outdoor Surveyors and stop them sending this report to Glasgow and I now enclose our report, which is completed, with the exception of the fees, and shall be glad if you could arrange for it to have quick action with a view to issue of the R.M.C. Certificate.

Would you please return this report, together with the London report and certificate, here in due course.
