M/V "PLYM."

Please see Mr. Stileman's endorsement of
1.3/12/48 & Sydney letter of 30/12/48. (herewith).

Will you please let me know how the pumping
arrpts. now stand as regards acceptability.

In view of the additional $1\frac{1}{2}$ " bilge suction
which has been fitted in the Machinery Space in
Forward Accommodation and since the vessel is
only 70' long the pumping arrangements are now
such as could be accepted.
