QUESTION

ANSWER

Date:—

September 11, 1959

With reference to your letter of the 11th September last and previous correspondence, also report No.57166 of a survey carried out by Mr. Findley at Ciudad Trujillo, I shall be glad if you will confirm that this vessel is still laid up at that port, and let me know whether you have any other information regarding this case.

It has been confirmed that this ship is still laid up. We have also learned confidentially that there is a likelihood that she will be broken up.

It is noted that the Kingston Surveyor is still including the name of this vessel in his monthly 5b (non-ex) returns.
