Dear Sirs.

Motorship "DARONIA"

The Society's Surveyors at Melbourne have reported that this ship was under survey last month when temporary repairs were carried out to shell plate D5, frames 96-97 (port side) following reported leakage.

It was recommended, however, that this shell plate should be specially examined and dealt with as necessary by the end of November, 1960, and the Committee have continued the class subject, inter alia, to this matter receiving attention by that time. Please let me know what arrangements you propose to make in this respect.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.
