

20th January, 1948.

NEWCASTLE-ON-TYNE.

104928, 42, 54, 69, 70, 72. As recommended.

104937. ESSO LONDON. As recommended. It is noted that you have carried out a complete Boiler Survey in this case, and I shall be glad to learn whether you are in a position to furnish a First Entry Report on the boilers as required by circular No. 1871 which applies to cases of this nature.

ROBERT F. HAND. Before your report No. 104943 is submitted to the Committee I have to request that you will state whether there are any steam pipes over 3" bore, and if so whether they have been examined and tested.

EDITH PURDY. With reference to your report No. 104951, it is noted that the boiler was examined internally in January 1947, and it is concluded it has now been re-examined and no deterioration found in view of the survey date of 12.47 recommended by you, but I shall be glad to receive your confirmation on this point before submitting your report to the Committee.
