26th August 1911.

Gentlemen,

E.

With reference to your report No. 73040 on the Electric Lighting Installation on the Steamer "ORANGI NASSAU", I shall be glad if you will let me know whether you are correct in stating that the conductivity of the copper wires used is 75% of that of pure copper, in view of the fact that the Rules require not less than 98%.

I am, Gentlemen,

Your obedient Servant,

Assistant to the Secretary.

The Surveyors,

ROTTERDAM.
