Report No. 5321

INTERNATIONAL CONVENTION 1930 RESPECTING
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH
ART. 14 OF THE CONVENTION.

(Port) PIRAEUS,(Date) 20th May, 1948.

I have to report that I have surveyed the Steel Screw
Steamer "CORINTHIA" of Piraeus, Greece, O.N. 949
surveyed from 15.12.47 to 15.4.48.

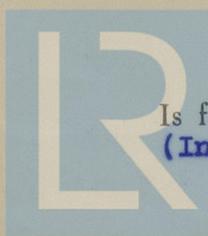

I have compared the arrangements on board the ship with
given in the original freeboard report and I have found them to be
in agreement therewith or equivalent thereto, and the whole to be in efficient
condition.

The vessel has been recommended for the notation of ss.Pir.-4,48(Dr.)

The freeboard marking has been verified and found to agree
with the freeboards given on certificate No. 15499 dated 20th November 1939
which is returned herewith. (Copy of Provisional Certificate issued
with attached).
