Dear Sirs,

S  
I duly received your letter of the 22nd instant respecting the steamers "IONIA" and "CORINTHIA", and have to confirm the intimation given you on the telephone to-day that the vessels' classes in the Register Book will remain undisturbed during such time as they are under the aegis of the Naval Authorities for maintenance. You will appreciate that as soon as they are redelivered to original ownership any outstanding surveys for class maintenance will require to be held before these vessels are recommissioned for ordinary commercial service.

I trust that this will make the matter clear.

I am, Dear Sirs,

Yours faithfully,

Messrs. Lykiardopulo & Co. Ltd.,
