

by Chief Ship Surveyor \_\_\_\_\_ Received from Chief Ship Surveyor \_\_\_\_\_  
 VESSEL'S NAME "CORINTHIA". Rpt. Pir. No. 4961.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(\*The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.\*—Extract from Sub-Committee's Report, 24/5/92.)

The class is subject to some butt laps of bottom plating port and starboard, being dealt with.

The Piraeus Surveyors now report the vessel placed in dry dock, bottom coated, the 3rd Special Survey No.1, due 4,39 held, repairs or renewals effected to shell plating, framing, chain locker, decks, etc., and minor repairs carried out.

The butt laps as above, have been ~~renewed~~ dealt with.

The vessel has now been converted to burning oil fuel; the cross bunker altered to an oil tank and settling tanks installed—all in accordance with the approved plans attached and the requirements of Section 20 have been complied with.

In connection with these alterations the cross bunker bulkhead has been renewed together with crown plating and other alterations effected as necessary.

No.4 tank in way of the boiler-room has now been converted from a dry tank to be used for water ballast and the pumping arrangements have been altered accordingly.

The records in the Register Book require to be altered accordingly as below.

On account of damage through collision 2 shell plates and a deck plate have been renewed, 3 frames repaired and minor repairs carried out.

It is submitted the vessel appears worthy to remain as classed with record of survey 10,39 and notation S.S.No.1-39, without special condition.
