Enclosure

24th March, 1961.

ssn (S)
RNC

Dear Sirs,

Steamer "CHINA FIR"

With reference to your report No. 8595, the Owners have informed the Hong Kong Surveyors that this vessel is loading a cargo of iron ore from Mormugao to Japan where she is expected to arrive during the second half of April. On completion of discharge the Owners may decide to take the ship to Hong Kong and you will see from the enclosed copy of letter that the Committee are prepared to agree to the Owners' proposal provided you concur, as a result of your survey last December. I shall, therefore, be obliged if you will let the Hong Kong Surveyors know (forwarding a copy of your letter to this office) whether, in your opinion, the vessel is fit for this further extension without further survey.

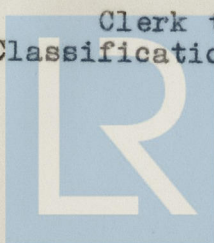

As the existing Load Line Certificate will expire on the 30th April, it will, of course, be necessary for a further Load Line Survey to be held if the Owners later request a Certificate to cover the voyage to Hong Kong.

Yours faithfully,

c.c. FREEBOARD

Clerk to the
Classification Committee.

The Surveyors,
KOBE.
