

The image contains three hand-drawn technical drawings of a ship's hull structure, labeled 1 to 3.

**1. PLAN**  
 A top-down view of the hull section. It shows a central rectangular area with a width of 250 and a length of 400. The hull is 125 wide on each side. The bottom is 150-10 f. The hull is 100 wide on each side. The hull is 100 wide on each side. The hull is 100 wide on each side.

**2. LÅNGSKIBS SNIT**  
 A longitudinal section of the hull. It shows the hull's profile with a width of 250 and a height of 400. The hull is 125 wide on each side. The bottom is 150-10 f. The hull is 100 wide on each side. The hull is 100 wide on each side.

**3. TVÆRSKIBS SNIT**  
 A transverse section of the hull. It shows the hull's profile with a width of 250 and a height of 400. The hull is 125 wide on each side. The bottom is 150-10 f. The hull is 100 wide on each side. The hull is 100 wide on each side.

The image contains two hand-drawn architectural drawings of a ship's hull structure, likely for a tugboat or similar vessel.

**Top Drawing: PLAN OF TANK TOP**  
 This is a plan view of the tank top structure. It shows a rectangular layout with various dimensions in feet and inches. Key dimensions include:
 

- Overall length: 130.65' ± 12.5"
- Overall width: 34' NGL
- Internal longitudinal divisions: 535, 100, 200, 25, 275, 225, 150, 35, 450, 130.65' ± 12.5"
- Internal transverse divisions: 455, 535, 300, 310, 990, 610, 330
- Other labels: "85" LUGS OVER", "DRAISE", "CUT 5000"

**Bottom Drawing: SPAN DECK STAND**  
 This is a side elevation of the spar deck stand. It shows a long, narrow structure with a sloped roof. Key dimensions include:
 

- Overall length: 130.65' ± 12.5"
- Overall width: 990
- Internal longitudinal divisions: 255, 200, 200, 135, 330, 990, 432
- Internal transverse divisions: 450, 330, 100, 75, 132, 990
- Other labels: "SPAN DECK STAND", "610 1/4", "635 1/4"
