

SPARE GEAR s.s. "COTTICA"

engine:

H.P. piston rings.  
I-P. piston rings.  
L.P. piston rings.  
piston rods with nuts.  
slide valve rod for L.P.  
slide valve rod for H.P. and I.P.  
piston head.  
slide shoe.  
crossheads brasses with bolts and nuts.  
crank pin brasses with bolts and nuts.  
mainshaft brasses of each size.  
main bearing bolts.  
P. slide valve complete  
I.P. slide valve complete  
slide valve rod brasses  
link block liners.  
eccentric rod complete with brasses  
eccentric ring with bolts.  
eccentric  
of guide brasses for slide valve rods  
of piston rings for L.P. slide valve balance-piston  
locking bolts of each size  
copper rings for same  
blocks and springs for each piston gland packing  
blocks and springs for each slide valve gland packing  
shaft coupling bolts with nuts of each type  
of pads for the ahead side of the Mitchell block  
lubricating oil ring with scraper for the tunnel blocks ( 2 Sets small and  
large block).  
mainshaft with nut and key and locking pin  
iron propeller.  
of links with brasses and bolts for the crosshead side  
of brasses for the pump yoke guide  
of links with brasses and bolts for the pump yoke side.  
pump plunger with nut.

pump plunger with nut.  
with nuts for each cylinder cover  
with nuts for each valve chest cover  
bolts for I.P. slide valve face.  
bolts for L.P. slide valve face.  
with nuts for piston rod glands.  
with nuts for slide valve rod glands.  
pump rod with nuts.  
of air pump valves.  
of guards for same.  
pump top grating.  
orn ring for air pump.  
with nuts for air pump gland.  
ump bucket  
with nuts for the feed pump glands.  
with nuts for the bilge pump glands  
with nuts of various dimensions as required.  
ensor tubes.  
ferrules for the condensor tubes.  
ensor plugs  
uction and delivery valves for the feed pumps  
uction and delivery valves for the bilge pumps  
of valve spring of each dimension.  
box for oil separator  
drawable gratings for oil separator.

BOILERS

tubes.  
tubes.  
ole covers with dogs and bolts  
springs for the safety valves  
and seat for the safety valves  
of valves for the main feed valve chests  
of valves for the auxiliary feed valve chests  
of spindles for the ~~superheater~~ main stop valves  
spindles for the superheater stop valves  
for the main stop valve.

live for the superheater stop valve.  
live for the auxiliary steam stopvalves.  
all right hand air baffles.  
all left hand air baffles.  
afflesplates for the furnace doors.  
shpit doors complete  
urnace doors complete without burner carriers  
and gauges.

SUPERHEATERS

uts for dogs.  
ogs.  
pring for the relief valves.

MAIN FEED PUMPS

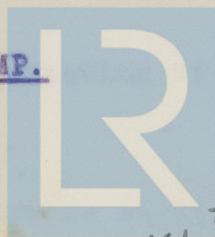

team slide valve chest with slidevalves complete  
ump rod with piston and rings.  
ockets rings.  
et suction and delivery valves.  
iston rod connection piece.

MAIN CIRCULATING PUMP.

ronze impeller  
elta metal impeller shaft  
S. packing for the above.  
et piston rings  
et piston rings.  
iston rod with nuts.  
rosshead brass with bolts.  
rankpin brass with bolts.  
xcentric rod complete  
xcentric ring with bolts.  
lide valve  
lide valve spindle  
rankshaft  
onnecting rod.

BALLAST PUMP.

et suction and delivery valves.  
et steam piston rings

bucket rings.

SANITARY PUMP.

suction and delivery valves.

steam piston rings.

bucket rings.

STEAM BILGE PUMP.

suction and delivery valves.

steam piston rings.

bucket rings.

DRINKWATER PUMP.

suction and delivery valves.

steam piston rings.

bucket rings.

OIL TRANSFER PUMP.

suction and delivery valves.

steam piston rings

oil piston rings.

steam piston with rod.

oil piston with rod.

FAIR ENGINES.

steam piston rings.

crosshead brass with bolts.

connecting pin brass with bolts.

eccentric ring with bolts.

slide valve with valve rod and eccentric rod

oil sieve for lubricating oil pump.

OIL BURNING INSTALLATION.

steam piston rings.

oil pump piston rings.

suction and delivery valves

oil sieves for suction and delivery oil strainers.

burners complete

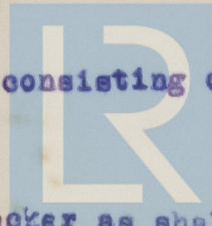

burner carriers.

oil nozzles and diaphragms for the burners, consisting of:

of 22-f222)

of 20-f220) stowed in racks in a wood locker as shall be required.
