Dear Sirs,

Steamer "AYDIN"

This ship was under survey at Emden last month when the required examination of the main reduction gearing was carried out. It is recommended, however, that this gearing should be further examined before the end of May, 1958.

The above examination has completed the Engine Special Survey and the Committee have, therefore, assigned notations of Special Survey Istanbul 7,57 and Engine Survey 7,57. In respect of these surveys I now have pleasure in enclosing the official Classification Certificates.

Yours faithfully,

c.c.Ist.

Assistant Clerk to the
Classification Committee.

Messrs. D.B. Deniz Nakliyatı T.A.O.,

Galata,
