S/S "NIKOBAR"

ear Sir,

A visit was paid to the above vessel to-day as requested in your letter of the 24th ult., and the owner's Superintendent states that he has so far received no instructions from his principals to deal with any of the items referred to.

It may be of interest to know that 3 of the refrigerating machines originally installed for cargo purposes are now being removed entirely, as a result of certain modifications at present being effected.

The Superintendent intends to contact his owners by telephone at an early date, when he will communicate their intentions to us.

We are, dear Sir,

Yours faithfully
