5th May, 1961.

assn. (H)

Dear Sirs,

m.s. "ADNA"

With reference to the final paragraph of my letter of the 2nd December and your reply dated the 9th January last, I would inform you that as a result of a survey completed at Hong Kong on the 17th December the hull class is at present continued subject to, inter alia, a bower anchor of Rule weight and test and thirty fathoms of chain cable being supplied at the earliest opportunity.

I shall be glad to learn whether the Owners are yet in a position to state when and at which port definite arrangements have been made to supply this equipment.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
OSLO.
