

The notation MBS* 4,52 indicates
at a cycle of the machinery
survey was completed at that
time.

Since then the survey has been
advanced & the ship will be
kitted to an up-to-date
word of IS when the
J⁵⁰⁵ 1, 2, 3 & 4 crankshaft journals
& bearings have been examined.

The notation MBS 2,59 assigned
1/9/59 indicates that a
Main Boiler Survey only was
carried out in February 1959.
