Dear Sirs,

m.s. "FUTURITY"

The last recorded drydocking date in this case is May, 1958, and in the circumstances I shall be glad to learn within what time it is now expected a further examination in drydock will take place.

The Screwshaft Survey became due at the end of January, and attention is drawn to my enquiries of the 13th November and 12th January regarding this inspection, to which no replies have been received. It will be appreciated if you will also let me know your intentions regarding the carrying out of the Screwshaft Survey.

Yours faithfully,

c.c. Mr. Orde.

Clerk to the  
Classification Committee.
