BOMBAY

15126 "APJ USHA" - As recommended.

I think it well to send herewith a copy of a letter dated the 11th July, 1961, which was addressed to the Owners of this ship and shall be glad if you will arrange for the matter referred to therein to receive attention, together with the equipment and completion of the Boiler Survey prior to the ship proceeding to sea in the unlikely event of it being intended that she should again be placed in commission.
