

"EMPIRE AUSTEN"
(Messrs. Lithgows' No.969)

Dimensions:-	425' x 56' x 36.83' to upper dk.
Scantling Nos:-	D = 35.75; 15193 and 38993.
Proportions:-	Length = 11.55 depths

This is one of the Lithgow "Y3" type standard ships, and the scantlings are suitable for a summer moulded draught 18" in excess of that contemplated by the Rules for a complete superstructure ship.

There is nothing in the correspondence which is not covered by the approved plans.

20th May, 1942.
