Dear Mr. Herbert,

With reference to Mr. Rabaey's report No. 14549 on the Boiler made at Grace-Berleur for the Steamer "FRASCA" I beg to acquaint you that the Rotterdam Report has recently been submitted to the Committee, and the vessel has been classed 100A1 With Freeboard, etc.

My attention has been drawn to the certificate number on this report (131 19.8.26 F.L.R.), as in Antwerp Reports Nos. 14161 to 14164 the certificate numbers are given as 2349 to 2352, and we cannot quite understand why the difference is so great in the numbering of this case, particularly as the lesser number is given after the greater numbers.

I am sorry to bother you with this detail, but we keep a record here of the numbers of all boilers made under survey.

With kindest regards,

Yours faithfully,

G.O. Herbert, Esq.,

ANTWERP.
