22nd December, 1961.

Dear Sirs,

Motorship "BRITISH DUKE"

Before your report No.118463 receives the consideration of the Committee I would refer you to my letter of the 1st November, from which it will be noted that the Owners had requested a modified Special Survey for a period of 12 months.

In view of the fact that postponement of the Special Survey is recommended only until the end of the year of grace i.e. June, 1962 I shall be glad to receive your comments regarding this matter as soon as possible. If the survey held warrants a modified Special Survey notation a new Rpt.8 should be furnished.

I shall be glad if you will identify the position of the bilge pump now examined as according to the records in this office there are ^{two} bilge pumps on the port side of the Engine Room.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Surveyors,
NEWCASTLE-UPON-TYNE.
