

S.S. "STAVROS"

Mr. Pandelides of Messrs. Rethymnis & Kulukundis telephoned this Office saying that the above vessel is laid up at Syra, and the owners now propose to <sup>re-</sup>open the tonnage opening. Mr. Pandelides asked that we might cable our Piraeus Surveyor asking him to attend at Syra to survey the vessel for this purpose and for any other overdue surveys, immediately on hearing from the owners, Messrs Kassos Steam Nav. Co., Ltd., of Syra.

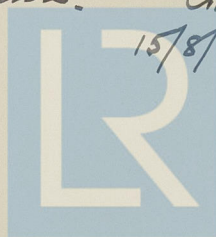

He stated he would be confirming this request by letter and asked that he might be advised by telephone of the action taken by us.

The freeboard department have been furnished with a copy of this memorandum.
