Survey Due Boiler Survey due 9, 28.  
Special Survey N°2 due 1, 29.

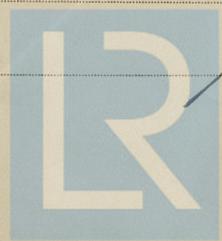

No reply was received to the usual notice addressed to the Owners in regard to the Boiler Survey in October last. A further notice was sent to the Owners in February relating to the Boiler Survey and Special Survey N°2, and the New York Surveyors now state that the Los Angeles Surveyor has been informed by the Owners that they are desirous of postponing the Boiler Survey until the beginning of July when the U.S. Steamboat Inspection is scheduled to take place. The Society's Chief Surveyor for U.S.A. & Canada adds that he trusts that the Committee will be able to see their way to agree to this arrangement.
