QUESTION.

ANSWER.

With reference to my letter of the 25th February last, I shall be glad to learn as soon as possible whether you are yet in receipt of any information regarding the carrying out of the Boiler Survey.

Date:— April 30th, 1929.

The Society's Surveyor at Los Angeles informs me that he has been in communication with the Owners respecting the Boiler Survey of this vessel, and that they are desirous of having this inspection deferred until the beginning of July, at which time the U.S. Steamboat Inspection is scheduled to take place.

I trust that the Committee will be able to see their way to agree to this arrangement.

J. French

Chief Surveyor,
U.S.A. & Canada.
