QUESTION

ANSWER

Date:— 18th July 1959

With reference to your report No.6952 and my classing letter of the 18th November last, I shall be glad to learn, as soon as possible, what definite arrangements have been made to carry out the Special Survey by the end of this month.

It will be noted that the Water Tube Donkey Boiler Survey will become due at the end of October.

We have been in communication with the Owners of this ship and they have intimated to us that she is expected to arrive in Hamburg on the 24th of this month, and after discharge of cargo she will be sold to Shipbreakers for breaking up. We will, however, keep you informed in due course when this takes place.
