Dear Sirs,

Steamer "DRAKENSBERG CASTLE"

Reverting to your letter dated 29th May, I have to inform you that the reports of surveys held recently at London and Newcastle have now received the consideration of the Committee.

As a result of the survey at Newcastle the class has been continued subject to the 2" and 1½" tubes of the port and starboard main boilers being re-examined and renewed as necessary by the end of September, 1959.

I have to add that as a result of the survey at London the notations DBS 5.59 and SGS 5.59 have now been assigned.

Yours faithfully,

Deputy Clerk to the
Classification Committee.
