4th Storey,  
(Apartado de Correos, 286),

Bilbao, 26th April 1926

Dear Sir,

With reference to my First Entry Report N°6865 on the steamer "CABO RAZO" I beg to state that the thickness of the upper and second deck plating abreast the openings, the shell side plating, and the bridge side plating are as per approved plan; also that the strengthening of the bottom forward, panting arrangements and the spacing of the rivets in the shell butts are as approved.

I have also to let you know that the spacing of the solid floors is 72" inches and I am enclosing herewith certificates of forgings in connection with this case.

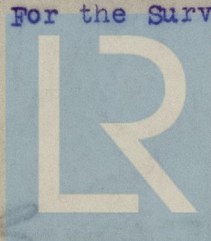

I am, Dear Sir,

Yours faithfully,

For the Surveyors.

The Secretary

LONDON.
