# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

20th April, 1926.

Dear Sirs,

With reference to your First Entry Report No. 6865 on the steamer "CABO RAZO", I shall be glad if you will be good enough to state whether the thicknesses of the upper deck and second deck plating abreast the openings, the shell side plating, and the bridge side plating are as shown on the approved plans, also whether the strengthening of the bottom forward, panting arrangements, and the spacing of the rivets in the shell butts are as approved.

I have also to request that you will state the spacing of the solid floors, and forward the forging reports in connection with the case.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

BILBAO.
