Dear Sirs,

I have to inform you that I am advised by the Society's Surveyors at Middlesbrough that a set of Engines No.1947 which have recently been completed by Messrs. Blair & Co. Ltd., have been forwarded to your Port by the s.s. "CABO MENOR" consigned to Messrs. The Sociedad Espanola de Construccion Naval.

I shall therefore be glad if you will endeavour to ascertain the final destination of the Engines in question, and advise me in due course.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
BILBAO.
