Dear Sir,

"ILEXIA" Shimonoseki Rpt.No.1778

In reply to your letter of 14th July, 1961 we have to confirm you that the leakage on J-12 plate (port side) in way of W.T. BHD, have now been temporary repaired by applying efficient doubler immediately above the existing doubler.

Repair hose tested and proved tight.

Regretting that it was not made clear in our report.

Yours faithfully,

*[Signature]*  
For the Surveyors.

The Secretary,  
LONDON.
