

S.S. "SHAHRISTAN" .

Nwc. Rpt. No. 76689.

Mr. Walker, the Owners' Superintendent, called at this Office yesterday regarding an account for fees, £21.17.0., charged by the Newcastle Surveyors for the survey recently held on this vessel.

It appears that the vessel has been fitted for burning oil fuel, and the Surveyors have charged £12.12.0. on the hull report and £5.5.0. on the machinery report, for this part of the survey.

He raises no objection as regards the fee of £12.12.0., but asks whether the fee of £5.5.0. is in order.

It is submitted the Newcastle Surveyors should be requested to offer any remarks they may have to make on this matter.
