18th April, 1928.

Dear Sirs,

S.

With reference to Trieste report No. 7869 on the new steamer "CONTE GRANDE", I have to acquaint you that the revision of the Register Book is now in hand and that letter "C" of the reprint will be going to press early next month.

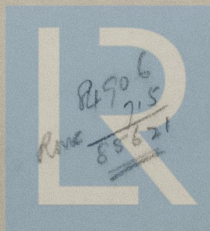

In the circumstances it might be well to inform the Builders accordingly with a view to ensuring that the outstanding fees are paid in time for full particulars of classification to appear in the new book.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
TRIESTE.
