1st June, 1927.

Dear Sirs,

I am in receipt of your letter of the 25th ultimo respecting the Refrigerating Installation proposed to be fitted on board the s.s. "CONTE GRANDE" (Messrs Stabilimento Tecnico Triestino's No. 764) and have to say that you are authorised to examine the two Hall type 10A machines proposed to be fitted in this vessel, and, if required, issue a certificate on Form Report 10, upon satisfactory completion of the survey. The only test required would be a trial of the machines under working conditions.

I have to add that there is no record of these machines having been constructed under special survey.

I am, Dear Sirs,

Yours faithfully,

Secrétaire.

The Surveyors,

GENOA.
