LONDON, E.C.3.

Dear Sir,

"EASTHILL ESCORT".

We have been advised by our Hong Kong Office that the above named vessel was delivered to the Breakers at Hong Kong on 13th March 1962 for scrapping. However, the main and auxiliary machinery has been removed from the hull and retained by us in storage at the premises of Hong Kong and Whampoa Dock Co. Ltd.

We have negotiated the purchase of the s.s. "BENARTY", with delivery Hong Kong middle/end of May 1962, and we are presently investigating various proposals for re-engining this vessel with the machinery ex "EASTHILL ESCORT". We shall be submitting plans showing details of the proposed conversion for your consideration within the next few weeks.

We shall be grateful if you will therefore advise us on the present survey position of the "Easthill Escort" machinery, so that we can take the necessary action to ensure compliance with the Rules when carrying out the conversion.

Yours faithfully,
for and on behalf of:
