Lloyd's Register of Shipping.

GLASGOW.

Port

25th March, 1949.

This is to Certify that I have

Surveyed the Boiler and Machinery of the
M.V. "BALTIC COAST", 1722 tons gross of Liverpool

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
Recommended that the record of + LMC-C with date

be made in the Register Book in the case of this vessel when
the survey has been completed.

Parts now examined:—

Main engines - Port engine Nos. 4 and 7 and starboard
engine No. 4 cylinders, covers, pistons, valves, connecting
rods with their top and bottom ends.

J. Crawford.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
ited, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
ever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
mittees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
