13th October, 1954

Dear Sirs,

"BROWNS BAY"

As we understand you have acquired ownership of this vessel, we have to inform you that class has been withdrawn owing to non-payment of fees by the previous owner.

On instruction from Lloyd's Register Head Office in London we have pleasure in enclosing a temporary certificate of class for your convenience in disposing of the ship.

This certificate is issued in good faith that the outstanding fees will be discharged by you through this Office at the earliest opportunity.

We should also like to inform you that the original certificates for class of Hull and Machinery and the International Load Line Certificate are in the possession of Messrs. H.P. Lenaghan & Sons to whom application should be made for their recovery.

We also think it well to inform you that the annual docking and load line surveys are now due and should be carried out before the ship is disposed of.

The following is a list of the outstanding fees:
