

T.2 Tanker "THELIDOMUS"

IT IS SUBMITTED the Liverpool Surveyors be informed that the scalloping of the longitudinals at the transverse bulkheads, as shown on the sketch in his letter, has been agreed with the Owners. The Owners also propose to adopt certain alternative arrangements, to those shown on the plans sent on by this Office in respect of the compensation in way of the tripping brackets and local fractures. These have also been agreed and the Owners will supply a plan of these arrangements ~~in due course.~~

*which will be forwarded at once at Admiralty*
