T.2. Tanager
 Photostat of circulation
 12 Tanager to the pent.
 H.R.S. 16.9.47

Submitted the attached copy of Data
 sheet relating to the engines be forwarded
 to the Surveyors for their guidance together
 with a photostat copy of each of the undermentioned plans:-

- No. E-161-131-1 General Arrangement of Boilers
- E-161-132-7 Boiler Pressure parts
- E-161-133 Details of Drum & Mud drum Header
- 340-918-3 Arrangement of Bridge & Ballast in E.R. & B.R.
- 241-918-3 Diagram of Cargo Oil Piping in Tanks
- 241-923-03 Arrangement of Fuel Oil Transfer System
- 241-869-01 Arrangement of Cargo Oil Piping & Bridge in main Cargo Room.
- 241-923-04 Diagram of the pumping arrangement in the bilge of the second in this office

The Bristol & Amsterdam
 Surveyors should refer to
 advised with each
 sheet & photostats

It will be noted that two plans of the plans of the bilge of the second in this office
 forwarded since it is not clear from the plans of the bilge of the second in this office
 plan relates to the "Silcock Creek". It should be added that the arrangements in the
 "Creek" may differ in certain minor respects
 those shown on the plans.
 The original photostats of plans
 of the Floor.
